

There's no reason to wait on going paperless!

BoardDocs' newest solutions will save your organization money, time and help your Board operate more effectively from day one!

For less than \$2,700 per year and a one-time, \$1,000 start-up fee, your organization can be paperless! BoardDocs, the pioneer of eGovernance, now has two powerful, easy-to-use solutions that will help you dramatically reduce costs, increase transparency and reduce the time spent producing board packets by up to 75%.

Our next-generation, cloud-based solutions allow organizations to significantly improve the way they create and manage packets, access information and conduct meetings. Because BoardDocs is so easy to use, your organization will operate more effectively from day one. Plus, only BoardDocs includes dedicated project management, on-site training and 7 x 24, US-based, technical support with every subscription.

What people are saying about BoardDocs

"The BoardDocs process saves time and money. Their new products make the process of putting together the board agenda even less time consuming, allowing us to focus on our other duties. The board meeting of tomorrow!"

Lisa Matthews
Administrative Assistant to the CEO, Cleveland Metropolitan School District, OH

"BoardDocs is definitely dedicated to its clients. The implementation process was very smooth. It's not easy to get all of our board members together, even for a short training session. BoardDocs was flexible with the initial implementation and worked with us to get all of our groups trained individually."

Wayne Lindberg
Director of Finance and Operations, Bremerton School District, WA

"To be very honest, I think it's the best thing that's happened to the Newport News Public School System in the last 11 years that I've been on the Board. BoardDocs is a great thing."

Effie Ashe
Board Member, Newport News Public Schools, VA
